WHEN THE QUALITY MATTER

THE STORY

KITD is a world-class information technology (IT) services & solutions provider. It is founded to serve as an IT backbone to the Architecture and Engineering Office (AEO) which was established in 1964 in Jeddah, Saudi Arabia. KITD can do business process services with the expertise and capabilities to serve the needs of businesses and governments of all sizes. KITD have two main

offices in Saudi Arabia and Egypt. KITD comprises designers, engineers and programmers known for their competence, professional standing and energy. They have been recruited on the basis of the quality and breadth of their experience, as well as on their sense of initiative, service, innovation and team spirit. We call our

employees "members" because all who join our ranks take full ownership in building a world-class company.

To keep pace with the most recent developments in technology and management, KITD ensures the on-going training and professional development of its members. This assures the client the best business solution.
